

**Product Description**

Carbery Plastics Chemical Tanks are designed, manufactured and fully certified to Kiwa BRL-K21008/02 to ensure safe liquid storage for many Chemical applications.

Thanks to an unstressed one piece production process, rotationally moulded products and parts are characterized by excellent resistance properties.

Rotationally moulded products and parts will never rust, rot or corrode and do not require painting.

The vertical design of Carbery Plastics Chemical Tanks optimise space with large storage capacities over low footprint area.

With a team of certified plastic welding technicians and wide range of additional equipment available Carbery Plastics Chemical tanks can be customised to custom specifications.

Technical Data	Value
Volume	2500L
Dimensions D x H	1883mm x 1903mm
Material	MDPE
Unladen Weight	185kg
Style	Vertical
Cover	382mm Threaded Lid
Inlet Fitting Options	1", 2", 3", 4"
Outlet Fitting Options	1", 2", 3", 4"
Tank Colour	Black
Bund Colour	Green
Standard	Kiwa BRL-K21008/02
