Carbery Plastics

00100V Dosing Tank

Product Ref: STNL00100V-002

Rev No: R1.1

Rev Date: 09/01/2024

Product Description

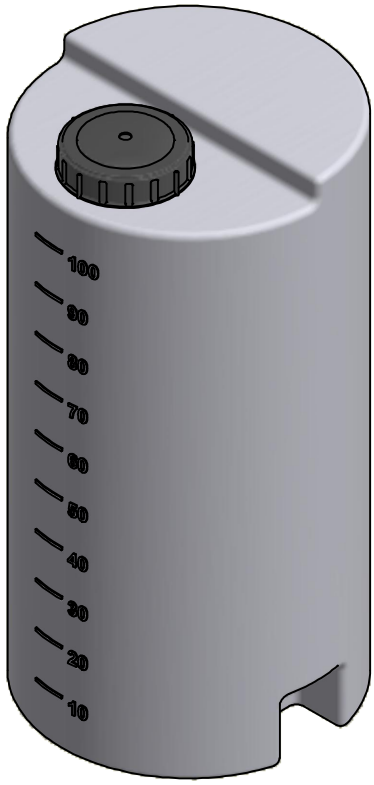
Carbery Plastics Chemical Dosing Tanks are designed and manufactured to ensure safe liquid storage for many Chemical applications.

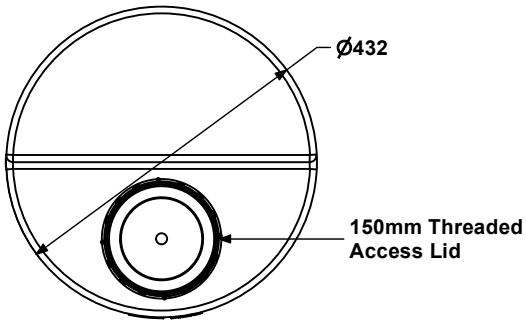
Thanks to an unstressed one piece production process, rotationally moulded products and parts are characterized by excellent resistance properties.

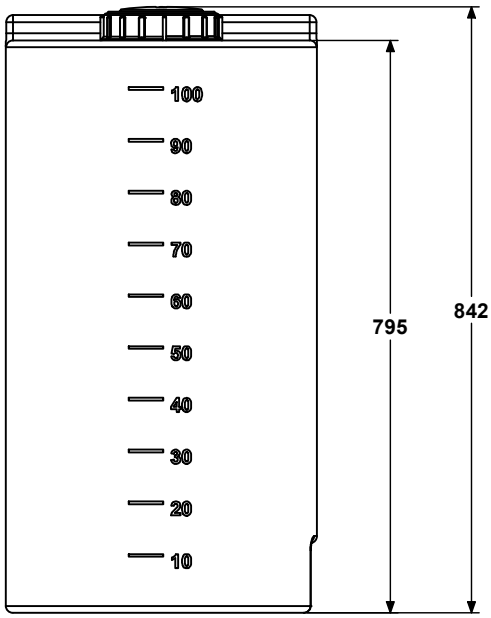
Rotationally moulded products and parts will never rust, rot or corrode and do not require painting.

The vertical design of Carbery Plastics Chemical Tanks optimise space with large storage capacities over low footprint area.

With a team of certified plastic welding technicians and wide range of additional equipment available Carbery Plastics Chemical tanks can be customised to custom specifications.







Technical Data	Value
Volume	100L
Dimensions D x H	432mm x 842mm
Material	PE
Unladen Weight	6kg
Style	Vertical
Cover	150mm Threaded Lid
Inlet Fitting Options	1", 2"
Outlet Fitting Options	1", 2"
Tank Colour	Natural
Bund Colour	N/A
